From the Principal

School overview

Karalee State School caters for approximately 600 students from Prep to Year 6. We have 25 classes and specialist lessons in Music, PE, LOTE (German) and STEM as well as various on-line learning opportunities for students. Karalee State School staff focuses on providing quality learning experiences for all students by setting high expectations and delivering a rigorous and consistent curriculum through improved teaching practices. Our staff is committed to academic excellence and strive to identify and implement better teaching methods, with a focus on evidence-based teaching practices including meeting the social emotional wellbeing needs of students. The school's major goals are;

To implement the Australian Curriculum across all year levels with a focus on writing;

To develop and refine a consistent school approach to differentiated curriculum and instruction by focussing on our inclusive practices;

Provide staff with quality professional development to support the school improvement agenda;

To communicate the improvement agenda to the school community;

To support our P&C to develop and implement a sustainable financial plan which aligns to the school's improvement agenda.

Our school includes a diverse range of high quality facilities. The Performing Arts Centre is a truly wonderful complex to rival any similar centre in the state. It includes a 150 person retractable amphitheatre-style seating system, extensive lighting sound and multi-media systems, backstage rooms, instrumental music room, an art gallery, toilets and change rooms and is fully air-conditioned. The facility is used extensively by classes but also within the Karalee community by orchestras, choirs and ensembles. The other significant building is the Resource Centre. This facility houses our modern library and information centre. It has a computer and multi-media lab and a 'Green Room' among its many features. Other significant resources include a covered hall for assemblies and indoor sports, a solar heated 25m swimming pool with a grandstand, two large sporting ovals, two basketball courts and three play-grounds for lunchtime play. Our distinctive schools program includes students from Year Three to Six elected to participate in the school choir and instrumental music programs. All students in Prep to Year Six participate in a swimming program at our school community pool. The specialist Physical Education teacher and additional qualified instructors ensure that students develop water proficiency skills. We are fortunate to have a dynamic P&C Association to support the school. The P&C have developed a sustainable financial plan which aligns to the school's improvement agenda. The P&C operate an OSHC program, Tuckshop, Uniform Shop, Swim School and are central to fundraising events such as Fun Runs and stalls. Karalee State School draws the wider community into the life of the school in many ways and has forged strong relationships with a variety of community organisations.

The [class size](#) targets for composite classes are informed by the relevant year level target. Where composite classes exist across cohorts (e.g. year 3/4) the class size targets would be the lower cohort target.

Curriculum implementation

The P–12 curriculum, assessment and reporting framework specifies the curriculum, assessment and reporting requirements for all Queensland state schools' principals and staff delivering the curriculum from Prep to Year 12. Further information on school implementation of the framework is available at <https://education.qld.gov.au/curriculum/stages-of-schooling/p-12>.

Extra-curricular activities

Queensland state schools provide a wide range of subjects and extra curricula activities such as sport, art, music and school camps. Further information can be found here <https://www.qld.gov.au/education/schools/information/programs>.

How information and communication technologies are used to assist learning

Information and communication technologies (ICT) are an important part of contemporary schooling. The Australian Curriculum includes ICTs as a general capability across all learning areas, as well as Digital Technologies as a specific learning area. Further information on models used by schools to assist learning is available at <https://education.qld.gov.au/parents-and-carers/school-information/student-ict-device-programs/one-to-one-models>.

Social climate

Overview

Each Queensland state school develops and enacts policies to support an integrated approach to behaviour, learning and teaching.

Our Student Code of Conduct is our school's behaviour policy, with information about school rules, consequences and processes for addressing bullying and the use of technology. A copy of this is available on our school website.

Further information is also available at <https://www.qld.gov.au/education/schools/health>.

Parent and community engagement

Our approach to engaging with parents and the community is aligned to the departments Parent and community engagement framework. The framework helps students, schools, parents and the community to work together to maximise student learning and wellbeing. Research shows parent and community engagement that is effectively focused on student learning can deliver powerful outcomes. Further information is available at <https://education.qld.gov.au/parents-and-carers/community-engagement>

Respectful relationships education programs

Our school has implemented the Respectful relationships education program (RREP) as part of the broad multi-departmental Queensland Government approach to ending domestic and family violence.

The RREP is a Prep to Year 12 prevention program that focuses on influencing behavioural change to build a culture based on equality and respect in our students, staff, parents and wider community, Students are provided opportunities to explore social and emotional learning in self-awareness, self-management, social awareness, relationships, ethics, values, social norms, gender roles, stereotypes, human rights, risk and responsible decision-making. A growing body of evidence shows that social and emotional learning of this nature leads to:

- improved social and emotional skills, self-concept, bonding to school and classroom behaviour
- less disruptive classroom behaviour, aggression, bullying and delinquent acts
- reduced emotional distress such as depression, stress or social withdrawal.

Further information is available at <https://education.qld.gov.au/curriculum/stages-of-schooling/respectful-relationships>

School disciplinary absences

Long suspensions – 11 to 20 days	0	1	0
Exclusions	0	0	1
Cancellations of enrolment	0	0	0

Note:

School disciplinary absences (SDAs) are absences enforced by a school for student conduct that is prejudicial to the good order and management of the school.

Environmental footprint

Reducing this school's environmental footprint

Environmental education has been a feature of Queensland schools for more than 30 years. In many schools it has been creatively and proactively incorporated into the curriculum in each phase of learning, and is also reflected in the school's facilities and in the actions of its principals, teachers and students.

Table 7: Environmental footprint indicators for this school

Utility category	2016–2017	2017–2018	2018–2019
Electricity (kWh)	219,137	228,254	261,676
Water (kL)		885	

Note:

Consumption data is compiled from sources including ERM, Ergon, CS Energy reports and utilities data entered into OneSchool* by schools. The data provides an indication of the consumption trend in each of the utility categories which impact on this school's environmental footprint.

*OneSchool is the department's comprehensive software suite that schools use to run safe, secure, sustainable and consistent reporting and administrative processes.

Qualification of all teachers

The Queensland College of Teachers (QCT) is responsible for ensuring that teaching in Queensland schools is performed by an appropriately qualified person, that has successfully completed either -

- (a) a four-year initial teacher education program including teacher education studies of at least one year (e.g. a Bachelor of Education, or a double Bachelor degree in Science and Teaching) or
- (b) a one-year graduate initial teacher education program following a degree (e.g. a one-year Graduate Diploma of Education (Secondary) after a three-year Bachelor degree) or
- (c) another course of teacher education that the QCT is reasonably satisfied is the equivalent of (a) or (b). These are considered on a case-by-case basis.
